

Since 1977 we have been a leading international reinsurer that combines global reach with local decision making to deliver first class solutions. Our customer and broker relationships are based on years of trust and experience. We have a flat organization structure that combines a strongly rated balance sheet with a willingness and ability to pay claims consistently. We operate through a network of 23 offices globally and proudly take a hands-on approach to write every product in every jurisdiction with a promise not to compete with our clients.

Our Vision Is to be the first-choice provider of reinsurance to our clients worldwide. We strive to create unmatched value for our customers, colleagues, business partners, and shareholders as we contribute to the growth of sustainable, prosperous communities. We achieve this through our Core Values:

*Experience
Expertise
Accessibility
Strength
Integrity*

*The foundation of our trust-based relationships
The basis of our timely, value added insight and support for our customers
All lines of business, all over the world
An ability and willingness to pay claims
We do not compete with our customers*

We have the following job opportunity available in our **New York City** office:

Senior Facultative Underwriter- D&O and Professional Liability

Description

- Self-starter with demonstrated technical underwriting skills and the ability to manage an existing portfolio of profitable business, including complex risks in the following diversified lines of insurance: D&O, lawyers, accountants, architects & engineers, miscellaneous errors & omissions and cyber liability.
- Marketing is a critical component of the job and the successful candidate will have the ability to manage existing trading relationships with placing brokers and clients, as well as develop new sources of distribution & production.
- Ability to work in a fast-paced environment with the capability to work independently but within a collaborative, team-based setting.
- Thorough understanding of market policy forms & coverage.
- Well- organized and detail-oriented with a strong ability to communicate ideas and opinions internally and externally.

Requirements

- 10-15% travel
- 5-10 years of insurance or reinsurance underwriting experience in D&O/Professional Liability.
- B.A. / B.S. in Business, Finance, Insurance or related field(s) preferred, but not mandatory.
- RPLU designation and understanding of reinsurance is a plus.
- Sound financial analysis skills. Ability to perform financial analysis of balance sheets, income and cash flow statements of underlying risks.
- Ability to identify macro / micro industry trends in both insurance and financial markets in order to assess risk and evaluate exposure.
- Demonstrated ability to apply research and analysis to make sound underwriting decisions.
- Knowledge and ability to navigate financial software such as Factset and/or SNL is desirable.
- Microsoft Excel proficiency.
