

Facultative Technician

We have the following job opportunity in our Paris, Munich or Zurich office

Description

The successful candidate will join the expanding Continental Europe Facultative Team. Responsibilities will include but not be limited to:

Your responsibilities

During key new business and renewal periods your critical role and focus will be:

- The accurate and timely entry of underwriting data (reinsurance contract language / terms and conditions) into the appropriate systems ensuring administration and sign off is completed within necessary timeframes.
- Chasing up accounts / tracking premiums.
- Tracking exposures on emerging issues and claims.
- Assisting in quarterly reporting requirements for business monitoring and exposure management (to include target risks tracking, EDA management, PIM related reporting, class quarterly reviews).
- Assisting in the underwriting audit process.
- Providing assistance in the underwriting process for new and renewal facultative business.

Outside of key underwriting periods your role will expand to include:

- Contributing to on-going projects across this business (Finance, Claims, Actuarial, Underwriting, IT). This will be driven by specific business needs and could take the form of local project work, short-term secondments to other teams or wider involvement in global projects.
- Involvement in the development and roll-out of our new underwriting data recording system, as well as associated digitisation and modernisation projects.

At all times you will have responsibility for:

- Promoting, building, and maintaining collaborative working relationships internally with our underwriting teams and across the business, and externally with brokers, clients and other market contacts.
- Actively participating in team meetings and activities to share opinions, ideas, knowledge and solutions.
