Responsibilities required of this role include, but are not limited to:

- Reviewing profitability of results for the region, including analyzing projected vs actual and documenting the findings
- Collaborating with underwriters and claims handlers to track large losses and catastrophes affecting the region
- Utilizing Chain-Ladder and Bornhuetter-Ferguson methods to analyze multiple lines of business for the region, as part of the corporate reserve study
- Pricing Reinsurance treaties for all lines of business in the region
- Participating in semi-annual profitability studies
- Supporting ad-hoc actuarial projects
- Supporting the actuarial function in Latin America/Caribbean unit, including pricing of treaty accounts, profitability studies, preparation and analysis of quarterly results, as well as corporate reserve studies.

Requirements

- Experience with actuarial pricing or reserving in the (re)insurance industry
- Successful completion of at least 2 actuarial exams
- Written and oral fluency in Spanish
- Bachelor's degree in actuarial science, Mathematics, Finance, or related major
- Proficiency in Excel
- Experience with PowerBI, Snowflake, SQL, Python, R is a plus
- Strong written and oral communication skills
- Strong analytical and problem-solving skills

Work Schedule

TransRe is supportive of an agile work schedule, which may differ based on individual roles, your local office's practices and preferences, marketplace trends, and TransRe's business objectives.
