IT – DevOps & Cloud Engineering

We have the following job opportunity in our **New York City** office:

The Internship Program

- The program will be 10 weeks and will run from early June 2026 through early August 2026
- Weekly work schedule will be 35 hours and follow a hybrid schedule, with 3 days in-office and 2 days remote. All interns will be in-office on Tuesdays and Wednesdays
- During the program, the intern group will attend a series of educational sessions to provide them with perspectives on our company and the broader reinsurance industry
- Training and social activities will be structured into the program, allowing for networking opportunities with peers and colleagues

Description

This role will allow you to gain exposure to the IT function will help modernize and streamline how we build, deploy and operate applications. The Intern's responsibilities and learnings will include, but not be limited to:

- Build and improve CI/CD pipelines for cloud-based applications (build, test, security scanning, release automation)
- Create an application inventory (services, repos, environments, owners, dependencies, data classifications)
- Implement infrastructure and deployment best practices using Infrastructure-as-Code (e.g., Terraform, CloudFormation, Pulumi)
- Support cloud operational readiness: logging, monitoring, alerting, runbooks, and reliability basics
- Contribute to workflows enabling AI-enabled applications, including integrations with APIs such as: OpenAI, Anthropic Claude, Google Gemini, and other emerging AI platforms
- Collaborate with software engineers to reduce friction in dev-to-prod and improve developer experience

Requirements

- Currently pursuing a degree in Computer Science, Engineering, Information Systems, or equivalent experience
- Basic understanding of CI/CD concepts (pipelines, build/test/release stages)
- Experience scripting (Python/Bash)
- Availability to participate in the entirety of the 10-week program
- Ability to work in-person at our offices located at 165 Broadway, New York, NY 10006
